Attachments: Pile out of position remedial detail 31.07.2026.pdf; Plot 279 Asbuilt Pile Remedials.pdf

Hi Florin,

I have just received the engineer's response following your email.

Plot 279 is to be moved by 150mm in the direction shown on the attached mark-up drawing.

In addition, one pile requires remediation as indicated. I have attached the typical remedial detail that was previously issued for reference.

Please let me know if you require any further assistance or clarification.

Regards,

Cristina Fante

Good morning Cristina,

Please find attached the survey carried out today for the piles at Plot 279.

As shown on the survey most of the piles are out of position by more than 150 mm predominantly in one direction.

Could you please forward this information to the engineers and let us know their assessment and proposed solution?

A prompt response would be much appreciated as we are looking to get the foundation poured as soon as possible.

Regards,

Florin Christescu
