

Abnormal or unusual residual risks associated with the design outcomes shown on this drawing are:-

RSK LDE LTD has followed its Design Risk Management process for Hazard Elimination and Risk reduction in developing the designs shown on this drawing. Abnormal or unusual residual risks may be shown above where it is considered that such risk may not normally be expected by competent persons engaged on work of this nature or type.

Notes:

1. This drawing presents the proposed temporary signage to be to be installed for the construction site access.
2. All signs shall be compliant with the Traffic Signs Regulations and General Directions along with the requirements as defined in the relevant Chapters of the Traffic Signs Manual.
3. All temporary signage as shown on this drawing shall remain insitu until the access is no longer utilized for construction traffic.
4. The signs locations as shown are approximate. The exact location shall be agreed on site with Essex Highways based on their proximity to existing highway features to ensure the sign are adequate visible whilst not obstructing the visibility of exiting roadside signage.
5. This drawing should be printed in COLOUR.
